# A LETTER FROM THE MANAGEMENT...

Dear Computer Accessory Reseller:

One purpose of ARRICK COMPUTER PRODUCTS, INC. is to make your company more profitable by providing you with a single source for reliable, quality computer accessories. Since our founding in 1980, we have worked hard to develop this reputation and you have rewarded us with your business. In order to further our service to you, we have expanded this catalog to include new products that carry the high quality standards you have one to expect from us. We welcome Minute Man uninterruptible power supplies from Para Systems. Media storage systems from SRW, Security products from Qualtec, Glare screens from Kantek and the Dclock-II from Microsync. In most cases our pricing will be equal to or more competitive than that of the manufacturer.

ARRICK COMPUTER PRODUCTS, INC. hopes to become your most dependable vendor. We want you to count on us as the company who maintains stock on all products shown, who ships within 48 hours, and is qualified to provide the technical assistance you need.

We wish you a very successful 1988, please feel free to call us at any time with your questions and suggestions.

Tom Walsh,
President

Roger Arrick,
General Manager

# OUR POLICY...

## HOW TO ORDER

To place orders by phone, call (817) 540-0938 during normal business hours. Having our catalog numbers available will speed the ordering process. Confirming purchase orders are not required. To order by mail send purchase order to:

ARRICK COMPUTER PRODUCTS
Sales Department
P.O. Box 1406
Hurst, Texas 76053

## WARRANTY

Most products in this catalog carry a Limited Lifetime Warranty. Products that do carry a limited lifetime warranty are protected against defects in workmanship and material during the lifetime of the original purchaser, providing the product has not been misused, abused, tampered with, or altered in any way. Arrick Computer Products, Inc. and our dealers assume no other liability for loss or expense arising in the use of our product, including any incidental or consequential damages and no other warranties, including any implied warranties, other than the express warranty described above are provided. Please call (817) 540-0938 for information regarding which products are covered by this warranty and specific details about the warranty. Custom products may not be covered by this warranty and may not be returned or exchanged.

## SHIPPING

Most items are shipped via UPS. Next day and 2nd day service is also available. Let us know your preference.

## PRICES

Prices vary with quantity purchased and are subject to change without notice. Most items can be bought in large quantity and have the shipments scheduled over a number of months in order to take advantage of quantity discounts.

## PAYMENTS

All orders are sent C.O.D. with shipping charges added to C.O.D. amount. Company checks are acceptable.

# POWER CENTERS

## FACTS ABOUT POWER LINE DISTURBANCES

Power line disturbances are frequently the cause of computer "crashes," lost data and other erratic behavior. Lightning, large appliances and power companies are often the source of damaging surges, spikes and noise that can sometimes ruin SOFTWARE AND HARDWARE. Equipment is subject to damage even when turned off. Computer owners tired of this problem frequently invest in some type of surge suppressor/noise filter to protect their valuable system. Most think of the expense as "Insurance," and "expensive insurance" at that.

The ARRICK COMPUTER PRODUCTS power centers protect your system with a minimal investment. The protection offered by the power centers include voltage surge protection, EMI/RFI noise filteration and overload protection. Whether the power center is switched on or off, your equipment will be protected.

## SPECIFICATIONS

**LINE VOLTAGE:** 115 VAC. 50-60 H$_z$
**MAXIMUM LINE CURRENT:** 15 AMPERES
**CLAMPING VOLTAGE:** 150
**CLAMPING RESPONSE TIME:** LESS THAN 50 NANO-SECONDS
**EMI/RFI SUPPRESSION:** FILTERS POTENTIAL HARMFUL LEVELS OF EMI/RFI NOISE.
**OVERLOAD PROTECTION:** 15 AMP RESETABLE CIRCUIT BREAKER.

### PC-7   UNDER MONITOR POWER CENTER

Control your computer and peripherals at the touch of a switch. The PC-7 fits under the monitor of most desktop computers and has 6 individually controlled outlets. No more reaching behind equipment in search of hidden power switches. Protects equipment from harmful voltage surges, filter suppresses EMI/RFI noise and a circuit breaker protects against overloads. Convenience and protection at a reasonable price. 1¾" height, 15" width, 13" depth.

| 1-4 | $69.95 | 5-24 | $64.00 | 25-99 | $59.00 | Retail | $99.95 |
|---|---|---|---|---|---|---|---|

### PC-3   DESKTOP POWER CENTER

- Control of computer and peripherals at the touch of a finger.
- Eliminate reaching behind equipment for power switches.
- 4 individually controlled outlets.
- Convenient desktop design.
- Protects equipment against damaging voltage spikes.
- Filter surpressed EMI/RFI noise.
- 3" height, 6" width, 5" depth.

| 1-4 | $63.00 | 5-24 | $58.00 | 25-99 | $54.00 | Retail | 89.95 |
|---|---|---|---|---|---|---|---|
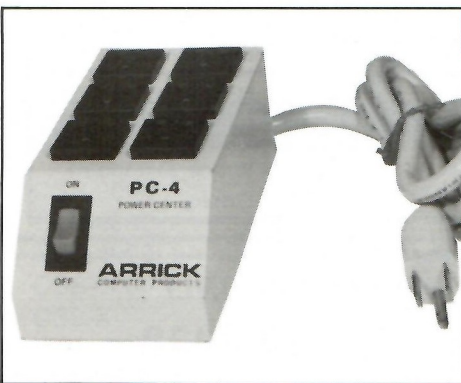

### PC-4   6 OUTLET POWER CENTER

- Master switch controls 6 outlets.
- Circuit breaker protects against overloads.
- 6 foot power cord.
- Protects equipment against damaging voltage spikes.
- Filter supresses EMI/RFI noise.

| 1-4 | $42.00 | 5-24 | $39.00 | 25-99 | $36.00 | Retail | $59.95 |
|---|---|---|---|---|---|---|---|

# SWITCHES

- Connect and disconnect computers and their components at the flip of a switch.
- Eliminate connector wear caused by plugging and unplugging cables.
- Models compatible with virtually all computers, printers, terminals and modems.
- Attractive all metal design.

## APPLICATIONS

```
          IBM
          PC
           |

# QUALTEC SECURITY PRODUCTS

After looking for a security product line that would meet our dealers needs we selected QUALTEC. These products are easy to install and will definitely get the job done. Dealer margins are about 40% and the quality is excellent. Many Schools, Universities and Companies are interested in deterring the theft of their valuable investments. We will be stocking these items ready for shipment for your convenience. Please keep us informed on how it is going.

## PC-LOK    POWER SWITCH LOCK

The PC-LOK allows you to lock your power switch in either the ON or OFF position. Also makes it impossible to remove the computer cover and gain access to the interior eliminating board swapping. Has hook for use with steel cable (CABLE-LOK), not included. Mounts to the existing screw holes in the cabinet with a screwdriver. Will not void manufacturer's warranties. Models for PC, PC-XT and PC-AT

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| PC-LOK-1 | Power Switch Lock for PC-XT | 29.97 | 27.47 | 49.95 |
| PC-LOK-2 | Power Switch Lock for PC-AT | 41.97 | 38.47 | 69.95 |

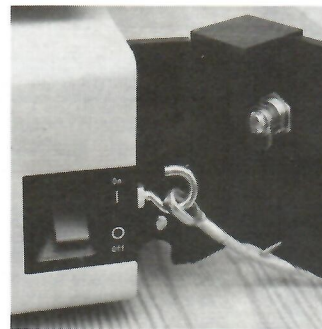

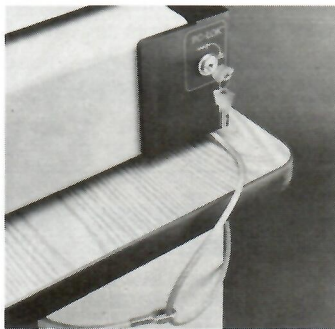

## MICRO-LOK    CHASSIS LOCK

The MICRO-LOK prevents access to the interior of the computer and attaches it to the desk with a 5 foot steel cable (CABLE-LOK) and resettable combination lock. Mounts easily to existing screw holes. Models for PC, PC-XT, PC-AT and PS/2 model 50.

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| MICRO-LOK-1 | Chassis Lock for PC-XT | 17.97 | 16.47 | 29.95 |
| MICRO-LOK-2 | Chassis Lock for PC-AT | 23.97 | 21.97 | 39.95 |
| MICRO-LOK-3 | Chassis Lock for PS/2 Model 50 | 23.97 | 21.97 | 39.95 |
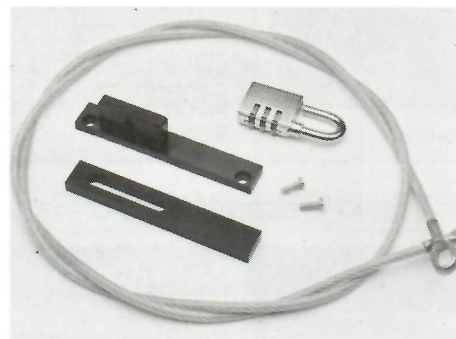

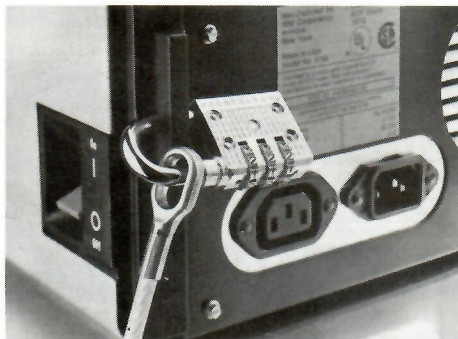

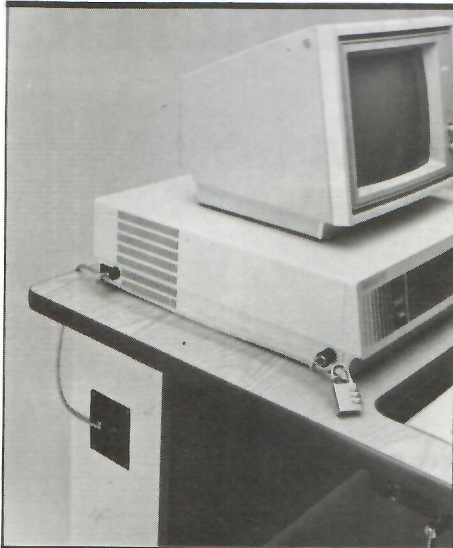

## UNI-KIT    UNIVERSAL LOCK KIT

The UNI-KIT is a multipurpose anti-theft security product that can be used to secure a broad range of equipment. Each kit consists of two housings with mating fittings, resetable combination lock and a steel cable (CABLE-LOK) or adhesive pad (PAD-LOK). The equipment being secured must have two existing screws or bolts. Simply remove the screws and reinstall through the small housing provided. The mating fitting will secure the screws and provide an attachment point for the steel cable. Can be used on typewriters, copiers, TV's, VCR's, computers, printers and is easy to install.

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| UNI-KIT-1 | Universal Lock Kit with Cable Only | 17.97 | 16.47 | 29.95 |
| UNI-KIT-2 | Universal Lock Kit with Pad, Cable | 23.97 | 21.97 | 39.95 |
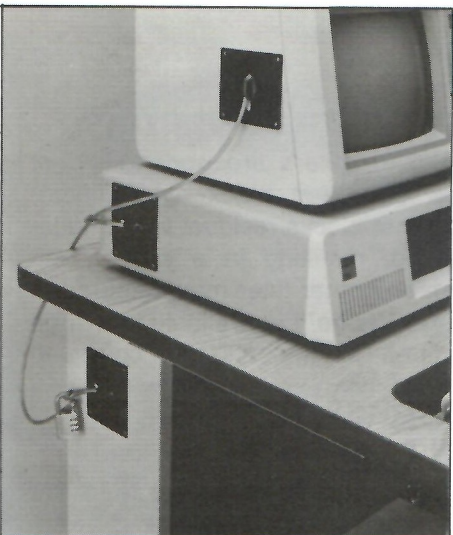

## LOK-KIT    PAD, CABLE, LOCK KIT

Each LOK-KIT contains (2) 3-1/2'' x 4'' adhesive pads, 3 foot steel cable and a resetable combination lock to satisfy a wide range of security applications. Also included is a cleaning pad and rubber feet to elevate equipment if needed. This product can be used on almost any office equipment, audio/visual equipment or computer equipment. Picture shows one additional adhesive pad.

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| LOK-KIT-3A | Lock Kit with Pad, Cable, Lock | 17.97 | 16.47 | 29.95 |
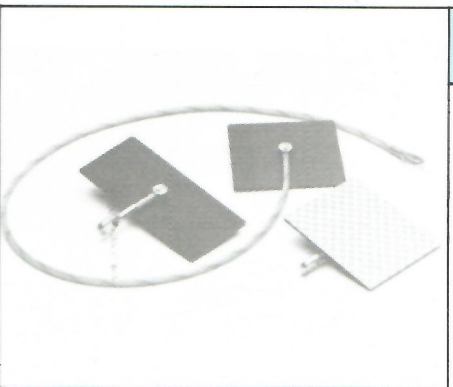

## PAD-LOK    ADHESIVE PADS

Security for most equipment can be achieved with these adhesive backed pressure sensitive pads. Each heavy duty black anodized pad is attached to a steel cable through a steel rivet. The adhesive strength of each PAD-LOK is rated at an unbelieveable 120 pounds per square inch! Very easy to install.

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| PAD-LOK-1 | 3-1/2'' x 4'' Pad, 3 Inch Cable | 8.97 | 8.22 | 14.95 |
| PAD-LOK-1B | 2'' x 3'' Pad, 3 Inch Cable | 8.37 | 7.67 | 13.95 |
| PAD-LOK-P1 | 2-1/2'' x 6'' Pad, 3 Inch Cable | 10.17 | 9.32 | 16.95 |
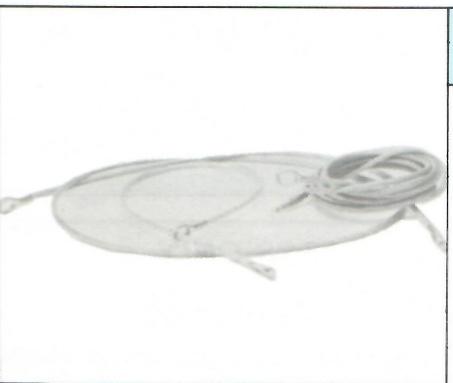

## CABLE-LOK    STEEL CABLE

These cables are made of heavy duty 3/16'' 7x9 multistrand aircraft style steel cable and are coated with vinyl to prevent scratching of equipment. Every cable has a fitting at each end that allows it to be looped or attached to a lock. Cables can be linked together to create longer lengths.

| PART NUMBER | DESCRIPTION | DLR 1-9 | DLR 10-UP | RETAIL |
|---|---|---|---|---|
| CABLE-LOK-5 | 5 Foot Vinyl Coated Steel Cable | 6.57 | 6.02 | 10.95 |

# KANTEK                    ANTI-GLARE FILTERS

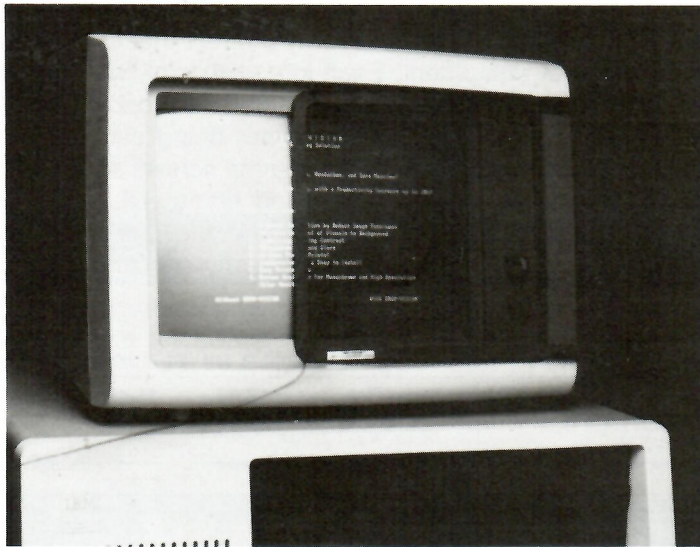

## ERGO-VISION™
ANTI-GLARE FILTERS

## THE GLARING SOLUTION

## THE PROBLEM

90% of people who use computer terminals are suffering needlessly from eye strain. This is a result of light reflected on the CRT screen, which causes eye strain, fatigue and headaches. This can mean a reduction of up to 20% in productivity and efficiency.

## THE GLARING SOLUTION

Introducing **Ergo-Vision™,** the economical anti-glare filter. This non-fading glare absorbing filter fits easily onto any CRT to:
- Eliminate CRT glare,
- Reduce eye strain by increasing character contrast,
- Improve character resolution.

All this adds up to an **increased operator efficiency of up to 20%.**

## WHAT EXACTLY IS ERGO-VISION™

**Ergo-Vision™** anti-glare filters are constructed of specially designed European black nylon micro-monofilament mesh that blocks residual light and increases contrast ratio, resulting in a crisper and sharper image than any other filter manufactured in the world today. **Ergo-Vision™** is available in a large variety of sizes to fit all CRT models, both color and monochrome.

## BETTER THAN GLASS

While some might feel that expensive glass filters are the better investment think of this:

**Ergo-Vision™** is non-reflecting mesh • Glass reflects

**Ergo-Vision™** does not promote fingerprints • Glass does

**Ergo-Vision™** is economically priced • Glass is costly

---

**HOW TO ORDER:** Specify monitor make and model number when ordering. Price is based on the glare filter size measured diagonally. We stock most of the popular models. Your suggestions are welcome.

# dClock-II Slotless Clock-Calendar

The dClock-II is a slotless real-time clock/calendar that automatically enters the correct date and time each time you turn your personal computer on. With dClock-II, you don't have to waste time figuring out the date and time in 24-hour notation and then entering them. The dates and times recorded on your files are always accurate. dClock-II does not take up a valuable expansion slot, but plugs into the back of your floppy disk drive. Installation takes about 5 minutes. Battery lasts for about 3 years. Works with PC, XT, AT and compatibles.
